DETAILED ACTION

Allowable Subject Matter

1. Claims 1-15 are allowed.
2. The following is an examiner's statement of reasons for allowance: the prior art searched and cited failed to teach or fairly suggest a method of measurement of topographic features on a surface of a substrate, having a steps of interposing a particle opaque material between the first portion of the surface of the substrate and the particle detector, the particle opaque material having an edge and determining the relative position of the edge and the first portion of the surface of the substrate from the results of the detection of particles in combination with the rest of claim 1. Claims 2-15 are allowable because of their dependencies upon claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
